The Proposed New Railway Line Mention was made in last wrek a leane ject street of a railway survey through the southern part of this town According to accounts to New York pagers the projection now of railway is considered a matter of the bighest importance in fallway circles Long accounts have been written of it sped that the canvassing The line as surveyed starts at Cranford. to Unden County, on the base of the New Jersey Central Railroad, and runs north. York easterly through Irvington, East (nange and Bloomfield, to A conducte on the Erie Rail oad. It's very evident that local traffic is not the object of the proposed line. Rumor has it that it is the putting into operation of an important etion between the New Jersey Central and the Erie Company, by which the former secures a mortaera and mortheastern connection, and the latter a southern cor nection with Philadelphia and Washingwith the New Hagiand States for the extension of its coul trade. The proposed spur from Cranford in connection with the Erie road, would confide it to reach the Hudson River bridge at Poughkeep sie. The route as surveyed through Bloomfield, begins at the Belleville line near Orchard street, crosses that street and passes through Mr Williamson's property where it is said a high embank-Bakeley Union Sunday School
